**Sonomatic appoints Rais Division Manager (rope access and inspection services) & UK Business Development Manager**

**Company to invest and build a brand new multi-disciplined NDT base.**

Sonomatic, a market leader in the provision of advanced automated ultrasonic inspection services, is proud to announce and welcome Tracy Anderson to the company as RAIS Division Manager (Rope Access and Inspection Services) and UK Business Development Manager. Tracy will be responsible for the continued development and management of the RAIS division which provides conventional NDT, specialised non-core NDT and rope access services.

Tracy joins Sonomatic from ApplusRTD, where she was accountable for the Aberdeen operations base. This included management of Inspection and Rope Access activities, both onshore and offshore, with regards to HSE, quality,

profitability and efficiency.

With nearly 20 years' knowledge in the industry, Tracy is an experienced Operations Manager and Director of multi-site programs in the oil & gas industry. As Sonomatic's RAIS Division Manager and UK Business Development Manager, Tracy will be responsible for ensuring inspection activities are carried out in accordance with the relevant project standards and will provide technical expertise on NDT related enquiries.

Tracy will also be responsible for business development in the UK for Sonomatic specialist services, with the aim being to gain access to clients who previously have had their own incumbent conventional services contractors.

Sonomatic is a market leader in the development and provision of automated

non-destructive ultrasonic inspection and related integrity services for the oil and gas, power generation and defence sectors.

It has operational bases in Aberdeen and Warrington in the UK, Perth and Brisbane in Australia, Abu Dhabi and Muscat in The Middle East, Johannesburg, Secunda and Vanderbijl Park in South Africa, and North Carolina and Houston in the US.

**"We are pleased to hire someone of Tracy's calibre and experience, Tracy has a passion for the industry, combined with her strong ethical business principles; we know she will be a perfect fit with our company and a strong, effective leader."**

John Lilley, General Manager of Sonomatic.
